Subject: Regarding Small Gas Cylinder.

Dear Pradhan ji,

You must be aware that I am representing AC-16, Trinagar Assembly Constituency since 1993 to 2003 and 2013. There are around 2000 Jhuggies and 5000 tenants in Shakurpur, Rampura and Pitampura Village. They belong to a weaker section and have **BPL/Food Security Smart Card**. They purchase LPG Gas from the black market. There are unscrupulous elements who sale LPG by 90 rupees per KG. A number of time fires had broken out because of the illegal activities. Our government has recently launched 5kg small LPG cylinder where such venerable/weaker section will be able to purchase.

You are requested to direct all the Gas companies to create distribution centers immediately for the sale of small Cylinders at the market rate which is around 70 rupee per kg to begin with Indian Oil corporation Out Lets at Transport Centre Punjabi Bagh, Rohtak Road, Lawrence Road Industrial Area and adjoining Keshav Puram, Telephone Exchange Ring Road to be asked to sale the small cylinder. I shall be grateful if this could be done before the Delhi Vidhan Sabha election.

With regards,

Yours sincerely,

(DR. NAND KISHORE GARG)

Shri Dharmendra Pradhan
(Hon'ble Minister of State (Independent))
The Ministry of Petroleum and Natural Gas,
Government of India, New Delhi
