Sub: Provision of Q shelter at Bus stop of E- Block Anandwas Shakurpur Delhi-34

Dear Shri Srivastava Ji,

I would like to bring to your kind notice the problem being faced by the residents of Anandwas Shakurpur about absence of Q-shelter at E- Block Road No. -43 Britania chowk. More than one Lac people have been living at the Anandwas Shakurpur Delhi. The services of bus route no 902 and 901, which used to operate from the Shakurpur to Old Delhi Railway station and Shakurpur to Lajpat Nagar respectively, have been stopped for a long time. The bus terminal, located near Samrat Enclave, has also been abandoned. I request you to restore the bus services on these two routes and the same may be started immediately. A new bus service route for the convenience of UP and Bihar People should be started from the Anandwa-Shakurpur to Anand Vihar Bus Terminal as most of people of Shakurpur belong to UP and Bihar. This Q shelter of E-Block falls in my constituency AC-16 and stoppage of all the bus services to south Delhi passing through this area should be provided here.

You are requested to kindly consider the above proposal on priority basis and do the need full at the earliest.

With regards,

Yours Sincerely,

(Dr. Nand Kishore Garg)
