DLT/JUNE-127

June 26, 2014

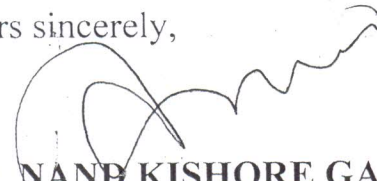

Dear Shri Tyagi Ji,

It is informed to you that the main deep sewer line has settles under WJC and DDA sports complex near Kanhaiya Nagar Metro Station since last 2 years. Due to this the sewer discharge from Kanhaiya Nagar SPS is being put in to S.W. Drain. The several residents of Kanhaiya Nagar and Tri Nagar have come to me for solving this problem. Very foul smell comes to residents of Kanhaiya Nagar. This main sewer line is going to Bharat Nagar SPS which ultimately goes to Rithala STP. This is very serious problem. We are violating all the norms and polluting the River Yamuna. The STP Rithala is working at below 50% capacity. Get the rehabilitation work at priority

Hence you are requested to look in to matter personally are restore the settled sewer at the earliest.

With regards,

Yours sincerely,

(DR. NAND KISHORE GARG)
