

February 20, 2014

Respected Shri Najeeb Jung Sahib,

There are 12 schools running at 9 locations in my constituency AC-16, Trinagar. I have visited all the 12 schools on the occasion of their **Annual Day Celebrations**. The schools in **Pitampura Village** are functioning since 1950.

In the first shift, **Sarvodya Kanya Vidyalaya** is being run very well. The School is having more than 1000 students and their results were 100% in the year 2013. The second shift is for Boys. This second shift school is upto 10th standard and is having less than 300 students.

I would like to bring a serious matter in respect of this school which requires your kind consideration and immediate action :

During the last 2 years, I am told, 6 suicide cases have been reported from this school. The villagers/members of the school managing committee and VKS are very much agitated on the issue of these 6 suicides (3 girls and 3 boys). The main cause of this seems to be the fact that although the name of school is **Sarvodaya Kanya Vidyalaya** but more than 350 boys are also studying in this girls school.

Kindly take note of this serious matter and direct the Secretary of Education Shri Majumdar to sort out this sensitive problem at the earliest before commencement of next academic session.

With regards,

Yours sincerely,

(DR. NAND KISHORE GRG)
